

categorie:	warp knitting machine		
type:	MRPJF 59 / 1 / 24 (Textronic)		
manufacturer:	Karl Mayer	year of construction:	2002
serial no.:	88738		
gauge:	E 24	working width:	132"
Bars:	Ground Bars: 1 pillar bar + 2 bars for corder		with 1 EBA
	Jacquardbar Bar / Piezzo: 1 bar, splitted into 2		with 1 EBA
	Pattern Bars: 48 bars (24 in front and 24 in back)		
	Lykra Bar: 2 bars		with 2 EBA
Beam shaft Diameter:	4 x 152 mm	Fall Plate:	1
Bar-Moving-Device:	SU Aggregates	selvage beams:	4
pattern beams:	50 psc inclusive all pattern beams equipment		
yarn grill:	no	middle center selvage:	no
Needle Ref:	pillar: AL-24-26-70	Lykra:	AL-24-73-58
	clouser: C-245-109-14	Trick:	F-24-5-36
	needle: 59.75 G8	stitch comb:	S-24-99-59
pattern guide ref.:	front: F3 - 29 - 160	back:	F3 - 32- -200
yarn controll system:	Laserstop 4080 / Protechna with 4 channels		
current Needle setout on Mc:	168	Voltage Main Engine:	380 V / 50 Hrzs
extra machine equipment:	- one add. set of pattern bars in mixed needle setout - usable for cotton material production		
Conditions:	in production before dismantle / ready for shipping		
volume of loading:	one 40 feet High coube container / by truck: 12 loading meters
